Ben Weathers, Postmaster.

H. T. Skaggs and H. C. Davis came out from Flora Wednesday, and the following day went to Mr. Davis' home near the Butte.

NOVEMBER TERM OF CIRCUIT COURT

MANY CASES DISPOSED OF AND SEVERAL JURY TRIALS—COURT ADJOURNS.

The business of the November term of the circuit court was completed and court adjourned Tuesday. County court is in session today, Wednesday, following the election and circuit court bills.

Lion Zumwalt, indicted for the larceny of a coat, is still at large, he getting word that he was wanted in time to get out before the deputy reached his home.

Fines amounting to \$3600 have been assessed and collected from 13 persons indicted by the July grand jury for selling intoxicating liquor, and who pleaded guilty since the beginning of the November term. In addition, George Wright, under a \$200 cash bond for the same offense, and indicted by the November grand jury, has skipped to parts unknown, forfeiting his bond, so there is a total of \$3800 already in the county treasury from these sources.

Gid and Elijah Wolfe of Wallowa, against the former of whom there are four indictments and two against the latter, alleging the same offense, have entered pleas of not guilty and will stand trial. Their cases are continued for the term. The remaining indictments against Sybil Gilliam or Joseph are suspended.

In addition to the \$2550 of fines reported in our last issue, are the following sentences:

J. W. Emmons, fined \$200.

Charles Carlson, fined \$250.

Mitchell & Pipes, found guilty at the July term. Mitchell fined \$350 and to serve 20 days in jail; Pipes fined \$250 and to serve 30 days in

jail. Case appealed to Supreme court. Now come in, dismiss their appeal, plead guilty and pay their fines and costs, amounting in all to over \$700. The court paroles both for 30 days. Following is the

Record of Court.

First National Bank of Joseph vs. R. A. Seiler. Judgment for plaintiff in sum of \$341.16, attorney's fees \$60 and costs \$6.45. Attached personal property ordered sold to satisfy judgment.

E. F. McNamer vs. J. W. Barnard. Verdict by jury for defendant.

Beatrice DeVahl vs. Thomas DeVahl. Verdict by jury for defendant.

James D. Halsey vs. W. F. Rankin et al. Judgment for defendant.

Edith Williams vs. Guy Williams. Default of defendant. Plaintiff gives

Twelve Car Loads Of Lambs Shipped

Stubblefield Band Bought For Seattle Market—Trains Running Very Late.

Twelve car loads of coarse wool lambs were shipped from Enterprise station, Tuesday, to Seattle by Fred Alvarez, a stockman from North Yakima, Wn.

The entire lot of about 3,500 head was bought from R. P. Stubblefield and Sons, who received the top of the market. They were an extra fine band of lambs.

The shipment will be unloaded and fed at Nabton.

Shipments continue heavy and the trains are late every night. A slide below Elgin delayed the inbound train Monday and it did not reach Enterprise until after 6 p. m.

For carpet and rug weaving see J. H. Manley, Enterprise, Oregon. 59bt

BEGINS ANOTHER IMPROVEMENT ERA

HOT LAKE SANATORIUM IS BECOMING NOWN FROM OCEAN TO OCEAN.

Beginning with the improvement of the promenade at Hot Lake Sanatorium doubtless a campaign of rearrangement and addition has been started that will reach far into next season and will enlarge that great institution sufficiently to care for the constantly increasing business.

When it is considered what was at Hot Lake seven years ago and what is there today one can but wonder at the marvelous transformation. Seven years ago the sanatorium building would only accommodate in a manner fifty patients. There was but one nurse who also acted in capacity of housekeeper. The water for domestic purposes was hauled in barrels on a sled. Grocery and supplies were delivered to the sanatorium in a spring wagon that proved adequate for the demands of transportation. A total number of twelve employees constituted the force at the Lake. Laundry was shipped out to La Grande. There was no telephone connection with the outside world. The bath house would only take care of ten to twelve patients, while the doctor's office and treatment room was one and the same. No steward, no bookkeeper, no checking clerks, no bell boys, in fact one man—the clerk—did it all. A 15-horse gasoline engine furnished electric current for the institution, and in fact Hot Lake was only a small speck either on the map or in the minds of the people.

But what is the institution today? None its equal in the Northwest and very few in the United States. Today the building accommodates 250 patients with most modern appliances possible for the skilled architect to build. Twenty-two nurses are regularly employed. Water for domestic purposes is brought to the institution in a private water plant which consists of a cement reservoir of 130,000 gallons capacity. It is distributed over the large building through mains perfectly plumbed and scientifically arranged. The electric current used from the main power line amounts to 125 horse power each twenty-four hours. It is interesting to know what an important part the electricity performs there. Besides being used for lighting and for running the elevators, it does the cooking in the diet kitchen, runs the machine shop and wood working department where all institution furniture is manufactured, runs the laundry where each week 20,000 pieces of linen are laundered, sweeps floors and rugs, peels the potatoes, grinds the coffee, washes the dishes and is extensively used in the electric massage department of the bath house.

Where seven years ago the spring wagon carried the groceries from La Grande to Hot Lake now a commissary is established in the institution that carries a stock of \$20,000. The sanatorium is one of the largest car-load shippers on the C. R. & N. outside of Portland and at the present time a carload of canned goods is being unloaded there.

The office force which formerly consisted of the one clerk, now includes the day and night clerks, bell boys, bookkeepers, stenographers, checking clerks, and information man who is always at the service of the guests.

The doctor's office formerly combined with the treatment room, now consists of a suite of nine rooms. Also there are laboratory, treatment and X-Ray rooms. The surgery room is porcelain lined, hermetically sealed and cannot be surpassed by any other institution. During the past year over 600 major operations have been performed at the Hot Lake sanatorium.

The merit of the place heretofore more or less confined to the northwest is now reaching into the middle and extreme eastern states. Where the register formerly showed people from nearby states now can be seen many of the prominent people of the east and middle west. La Grande Breeding Observer.

Notice to Holders of City Warrants. Notice is hereby given that there is on hands funds to pay all city warrants drawn on the general fund that were presented on or before November 1, 1910.

W. F. SAVAGE, City Treasurer.

We do good job printing. Try us.

LA GRANDE WILL LIMIT NUMBER SALOONS TO 8.

Following are the principal provisions of the saloon ordinance that has passed the La Grande city council:

The number of saloons is to be limited to eight; the license is to be \$1,250 per year; violations of any of the state or city provisions relative to the sale of liquor entails upon the offender forfeiture of license without recourse for the unexpired time for which the license is paid and also forfeiture of bond which must be in the sum of \$1,000. No music, slot machines or other devices of this character are to be allowed.

Total Assessment Near Ten Millions

Roll Will Show Close to Nine Millions Without R. R. Tax and Telephones.

While the board of equalization has not completed all the work before it, and Assessor Miller therefore is not able to give the exact findings of the 1910 assessment, he risks an estimate of close to \$9,000,000 exclusive of the railroads, express, telegraph and telephone property. These items as assessed by Mr. Miller in 1909 totaled \$9,500,000, so if the state tax board, that now fixes the assessment on such corporations, does as well as Mr. Miller did last year he total assessed valuation of property in Wallowa county for 1910 will be right at the ten million mark.

The valuation last year was \$8,676,770 or less the railroads, telegraph and telephone lines, \$7,721,750, so the increase over last year is close to one and three-quarter million dollars.

FOUR NEW CITIZENS RECEIVE FINAL PAPERS.

Christ Bauer of Enterprise, a native of Germany, who came to this country in 1884; August Koepf of Wallowa, born in Germany, who came to the United States in the Centennial year; Theophile Blanc of Joseph, born in sunny France, but a resident of this greater Republic for 11 years; and Alfred Benjamin Davies, of Troy, a native of England, who has been a resident of the United States since 1895, were granted their final papers by Judge Knowles and took the oath of allegiance.

Gumvald Christopherson of Wallowa and William Freudenberg of Joseph have filed petitions for their final papers. The former is a native of Norway and has been a resident of this country since 1873. Freudenberg was born in Germany and came to the United States in 1896.

CITY WILL BUILD AT OWNER'S EXPENSE

MARSHAL TO REPAIR AND CONSTRUCT SIDEWALK HERE TOFORE ORDERED.

At the regular meeting of council, Monday night, the finance committee reported a settlement made with ex-treasurer Lockwood, and that all funds in his hands had been turned over to City Treasurer Savage.

Position of George S. Craig et al that L. F. McAnulty had maintained and was maintaining a nuisance. The marshal was ordered to have the same abated. The nuisance meant the keeping of hogs. These have been taken to a pasture outside the city limits.

A street light was ordered placed in front of J. D. Struble's on Depot street. The marshal was ordered to build or repair all sidewalks heretofore ordered built or repaired, keep correct account of cost of same and charge to owners.

A proposal of F. S. Ashley to erect hitch-racks at his own cost along the east side of the Daniel Boyd property, if the city would furnish the material was accepted.

The city attorney was directed to draw an ordinance prohibiting the erection or maintaining of barb wire on fences adjoining sidewalks. He was also instructed to secure right of way deals for pipe line where same secured, and get deal from T. R. Alden for reservoir site.

Following are the Claims Allowed.

John Bohart, assignee of City Planting Mill,	\$34 36
Enterprise Press,	6 30
City Planting Mill,	2 40
